ROAD AGENT'S REPORT

For the Year Ending December 30, 1969

1969 has been another expensive year for the plowing and salting of our roads. This was due to the heavy amounts of snow we got from three storms in February. The Town Chevrolet truck did a very good job of removing most of the snow.

This year we used the money for sealcoating on the Hall Road and the new road from Deerfield line to Nottingham Square and the Gile Road.

We used the T.R.A. Money to reconstruct and surface 2140 feet on the Deerfield Road in Nottingham.

I would like to thank the citizens of Nottingham for their cooperation.

Respectfully submitted,

HERBERT A. SMITH, SR.

Road Agent

FIRE CHIEF'S REPORT

Last year we had several fires from undetermined origin which includes barns, camps and houses. I hope this epidemic has exhausted, and will not reoccur. The State Fire Marshal was called in and was real cooperative.

We held our Mutual Aid meeting in our new fire house, we had many great compliments from our visiting departments in regards to our building.

The Red Network phone will be in force February 19, the number is 679-5757 anyone reporting a fire please use this number, give type of fire and location.

In reference to the new fire truck several problems have arisen. The truck itself was bought at the quoted price, the equipment has created a problem due to the rise in unstable prices, at the present time everything has been purchased and we expect to have it assembled within a reasonable time.

Our Fourth of July celebration was a success and the townspeople will continue their interests this coming year.

Regular meetings are held the first Tuesday of each month. This is your fire department, feel free to visit the station.

Respectfully submitted,

LAROY BATCHELDER

Fire Chief

REPORT OF THE FOREST FIRE WARDEN AND DISTRICT CHIEF

Less fortunate than our northern towns, we had too many fires. Carelessness in burning trash and discarding smoking material and children playing with fire caused most of the fires. Your Forest Fire Warden's job would be easier if everyone understood the State laws that govern the kindling of outdoor fires. A synopsis of these laws follow:

Fire Permit

A **fire permit** is needed for all outdoor fires in or near woodland anytime the ground is not covered with snow. This includes household waste burning, even if in an incinerator, grass burning, garden trash as well as brush burning. Such burning is restricted by regulation to be **prior to 9:00 a.m.** and **after 5:00 p.m.**

Exceptions

Commercial or industrial burning is allowed anytime under normal conditions with permission of the District Chief and a permit from the Fire Warden.

Camp or cooking fires are allowed on your own property with permission of the Fire Warden. On another's property with written permission of the landowner and permission of the Fire Warden. The warden can forbid such fires if in a hazardous area. Permits for cooking fires in the White Mountain National Forest can be obtained from the Laconia Office or at the Ranger Stations. Permits are not required in public camp or picnic grounds where fireplaces have been built for this purpose.

Penalties

1. For kindling a fire without a permit. Maximum of

\$200.00 fine; or imprisonment for not more than 60 days.

2. For kindling a fire by any means wilfully or recklessly that shall endanger woodlands the maximum fine is \$500.00 or one year's imprisonment.
3. For failure to totally extinguish a camp or cooking fire before leaving it the same penalties as in (1) above.
4. For dropping inflammable material in or near woodland, maximum fine is \$25.00.

Fire prevention is a personal matter and a good habit. Keep our town free from smokes in 1970.

REPORT OF THE PLANNING BOARD

During the past year the Board spent many hours bringing up to date the existing Building & Zoning Codes. A Public Hearing was held on January 16, 1969 at the School House to discuss these codes. Many suggestions were heard from the floor that helped the Board with its work in changing the present Building & Zoning Codes. In the fall, the Board put all material together and held another Public Hearing on December 4, 1969 to present other changes and suggestions to the public. At this meeting, many new ideas came about to further our work. On January 8, 1970, we held the final Public Hearing to go over the changes for the last time before the Town Meeting on March 10, 1970. At the Town Meeting, voters will have a separate ballot for each proposed change. The Board feels that each change will improve the standards of the town for years to come.

Our Board meets the third Thursday of every month at the School House at 8:00 p.m., guests are always welcome.

Respectfully submitted,

CHESTER G. BATCHELDER
Planning Board Chairman

REPORT OF THE BUILDING INSPECTOR

Receipts \$53.00
Paid to Treasurer 53.00
From January 1, 1969 to December 31, 1969, fifty-nine permits were issued.

NOTICE:

According to the laws of the Town of Nottingham and the State of New Hampshire, a building permit (cost \$1.00) is required when:—

1. Erecting any building.
2. Moving any building.
3. Alterations of existing buildings.

ZONING ORDINANCE

Article III

1. No junk yard or place for the storage of discarded machinery, vehicles, or scrap materials shall be maintained in any district.

REPORT OF CHIEF OF POLICE

The following report of activities is hereby submitted by the Nottingham Chief of Police for the year ending December 31, 1969.

I would like to express my appreciation to Officers Benjamin DeBütts and Richard Emond for the services rendered the Town and the Department throughout the past year.

During the past year we answered approximately 312 complaints.

11 automobile accidents were investigated of which 1 was a fatality.

21 breaks; 2 stolen automobiles; 1 stolen mini-bike; 2 ski-mobile incidents; 1 shooting incident; 1 hit and run; 1 rape; and 5 acts of vandalism were reported.

23 dog complaints were answered and 1 dog was buried by the department.

2 missing, lost or wanted persons were located, and 2 assists to motorists were rendered.

3 emergency messages and several other miscellaneous messages were delivered.

We assisted other Departments 5 times and on several occasions worked with the Sheriff's Department and the State Police and also attended court regularly.

I would like to remind the people of this community that the Police Department is seldom thought of except until a time of crisis or emergency. Realizing this Town does not

have a full-time Department I hope everyone realizes we are not and cannot be available at all times, but try to be available 95 percent of the time.

Being this is the first year doing police work we realize we have not been as efficient as veteran police officers, but we are scheduled and have already attended several training courses.

A total of 1,210 man hours were utilized in providing police coverage to the town this year and a total of 11,357 miles were traveled throughout the town in the performance of police duties and because of this patrolling, I feel the crime rate is on the decline.

REPORT OF THE SCHOOL DISTRICT MEETING

MARCH 7, 1969

The Annual Meeting of the Nottingham School District was held at Nottingham School, at 8:15 p.m., on the evening of March 7, 1969. Moderator John Perkins read the Warrant and discussion followed.

ARTICLE I. To determine and oppoint the salaries of the School Board and Truant Officer and fix the compensation of any other officers, or agent of the District.

The following salaries were suggested:

School Board Chairman	\$200.00
School Board Member (each)	150.00
Treasurer	100.00
Clerk	10.00
Moderator	10.00
Bookkeeper	250.00
Truant Officer	25.00

Motion was made by Archie Fernald and seconded by Richard Bengston that the above salaries be accepted.

Voted in the affirmative

ARTICLE II. To hear the reports of agents, auditors, committees, or officers chosen and pass any vote relating thereto. There were no reports made at this meeting, as all such reports are contained in the Annual Town Report.

ARTICLE III. To choose agents and committees in relation to any subject embraced in this Warrant.

There were no proposals made on Article III.

ARTICLE IV. To see what sum of money the District will raise and appropriate for the support of schools, for the salaries of School District officials and agents and for the payment of statutory obligations of the District.

Moderator Perkins stated that each article in the School Budget would be discussed, item by item, the same as in previous years, with a "yes" or "no" vote on each item. Motion was made by Richard Fernald that the sum of \$125,171.20 be accepted for the 1969-70 School Budget and seconded by Archie Fernald.

Voted in the Affirmative

ARTICLE V. To see what sum of money the District will raise and appropriate for the payment of tuition to other School Districts or public approved academies, beyond the legal obligation of the district.

Motion was made by Archie Fernald and seconded by Delmar McDermott, to raise and appropriate \$6000.00 to fund the payment of tuition to other School Districts, beyond the legal obligation of the District.

After considerable discussion on the above motion, Mr. John Terninko made a motion to amend the above motion, seconded by Mr. Sam Richardson, that the sum of \$6000.00 be amended to \$3300.00, for the same purpose set forth in the original motion. The amendment was voted in the negative, followed by a vote by secret ballot on the original motion. Seventy balolts cast, 22 No, 48 Yes.

Voted in the affirmative

ARTICLE VI. To transact any other business that may legally come before this meeting.

The following motions were made:

Mr. John Fernald made a motion that the School Board be instructed to negotiate with all accredited high schools in the surrounding towns, to get prices on long-term agreements to accept students from Nottingham, for high school education, seconded by Delmar McDermott.

Voted in the affirmative

Mr. Richardson made a motion that the School Board

be instructed to negotiate with all accredited high schools in the surrounding towns, to get prices on short-term agreements to accept students from Nottingham, for high school education, seconded by Mr. Terinko.

Voted in the affirmative

Motion was made by Mrs. Helen Hayes to instruct the School Board to make inquiries at other schools in surrounding towns, in connection with eventually sending 7th and 8th grade students at some time in the future, seconded by Ann York.

Voted in the affirmative

Motion was made by Warren Ingalls that the School Board be requested to list in the Town Report for 1969, and thereafter annually, the full details of money spent and salaries paid, as was done in the Town Report for 1964, and further request the School Board to file a written report to be included in the Town Report for 1969 and thereafter annually, showing its accomplishments, problems and solutions for such problems, seconded by Mr. Terninko.

Motion was made by John Regan and seconded by Chet Batchelder, to amend the above motion by striking therefrom individual listing of teachers' salaries from any such report made by the School Board. The amendment was

Voted in the affirmative

followed by a vote on the original motion as amended and

Voted in the affirmative

There was no further business to come before the meeting.

Motion was made by Delmar McDermott and seconded by John Regan to adjourn the meeting. Meeting adjourned by Moderator Perkins at 10:15 p.m.

The New Hampshire State Board of Education has recently approved new minimum standards for the elementary schools of the state. This has many implications for the Epsom School District. The local district must develop a plan for the implementation of these new standards no later than September 1, 1972. However, for districts planning a building program, this program must include spaces to meet the requirements of the standards now. If not, the State Department of Education will not approve these plans. This approval is necessary in order to make the district eligible for state building aid.

In the following paragraphs, an attempt has been made to summarize these standards in order that the Board and the District will be informed as far in advance as possible.

The pupil teacher ratio in grades 1 and 2 must be 25 to 1 or less; in grades above the first and second, 30 to 1, or less.

Each elementary school must add to its offerings, if it has not already done so, the following subjects: art, health, music, and physical education. It must also provide services in the fields of library, guidance, and health. The district must make provisions for special education. If the district maintains a middle school or a junior high school, it must furnish opportunities in industrial arts and in home economics.

Each school must provide library services with a certified librarian available. For schools of 150 to 300 children, there must be 1,000 square feet of library space available; for enrollments of 300 to 500, it must have 2,000 square feet. The basic book collection must include 6,000 books. The annual budget must include an amount of money equal to \$5.00 per pupil to be expended annually for library purposes.

When attempting to meet the building standards for

elementary schools, the following must be considered. Sites for elementary schools must be at least five acres in size, plus one acre for each 100 pupils. A 300 pupil elementary school, therefore, would require eight acres for site. Each classroom, when new construction is undertaken, must include at least 900 square feet, or 30 square feet per pupil.

In regard to the professional staff, all staff members must be certified by the teacher certification office of the State Department of Education.

Other staffing requirements are as follows:

The principal must be employed on a full time basis in schools with an enrollment of 300, on a half time basis for schools with less enrollment.

There must be a school secretary for schools with an enrollment of 300 or more.

The above summary, of course, does not include all of the details of the newly established standards, but does indicate some of the main things which must be considered in any long range planning. The immediate conclusion is that this will cost money for equipment, for materials, for building expansion or renovations, and staffing.

It would seem to the undersigned that if these standards are to be met by the local districts, there must be a change in the present method of financing education in New Hampshire. It does not seem fair to add this additional burden to the presently used property tax base.

As directed by the voters at the last annual meeting, your school board has explored the feasibility of contracting with some of the surrounding communities an Authorized Regional Enrollment Area agreement. The first step in such negotiation is an article in the school warrant to formally elect or appoint a committee to represent the district.

Advantages of the AREA concept are many, some of which are outlined below:

1. Is assurance of a "high school" or other school organization for an extended period of time.
2. Assurance of a tuition rate based on the conditions outlined in the Written Plan.
3. May provide significant educational benefits by a more permanent association between districts.
4. Provides state incentive aid which is credited according to the Written Plan.

In closing, this office would like to express its appreciation for the cooperation received from the citizens, school board, staff and children of the school district.

Respectfully submitted,

RAMON MARTINEAU

REPORT OF THE SCHOOL BOARD

This report covering the year beginning July 1968 and ending July 1969, saw the Nottingham School Board with no major problems, only routine school board business.

In the spring and summer, we hired four new teachers to fill vacancies of leaving teachers.

In the fall, Mrs. Catherine McDermott resigned from the Nottingham School Board to serve as a teacher's aid at our Nottingham Elementary School. Richard Bengston was selected to fill out the rest of the year on the board.

At the end of the year, the members of the Nottingham School Board began consulting with high schools in the area to find out if they would take our students, Grades 7-12. We have made a detailed report of this.

Respectfully submitted,

RICHARD BENGSTON
RICHARD T. FERNALD
JOHN REAGAN

REPORT OF FINDINGS OF NOTTINGHAM SCHOOL BOARD

This report is the Nottingham School Board's findings after looking into a long range area school agreement with surrounding Districts, to accept our students, Grades 7-12.

The school Districts contacted through the Superintendent's office are: Epping, Raymond, Coe-Brown (Northwood), Rochester, Dover, and Oyster River (Durham).

The replies received from each individual district are as follows:

Epping — Definatly Not Interested

Raymond — Not Interested

Coe-Brown — Ruled out because as a Semi-Private School, State aid could not be received toward tuition by the town of Nottingham. Also they have no facilities to handle Junior High Students.

Rochester — Interested

Oyster River — Interested

Dover — Interested

Of the interested school districts, tuition costs would be based on current yearly per pupil cost for each student, plus a building rental charge of two percent.

After inspecting the facilities of the interested School Districts, the Nottingham School Board would like to make the following comments:

Rochester — Has currently signed agreements with several towns, but due to space problems it seems likely a double session would be necessary to meet their present commitments until a new High School is built.

Oyster River — With their new addition would be able to handle our students, Grades 9-12, but definitely would not be able to take Grades 7 and 8 until a new Elementary School is built.

Dover — Is currently interested and has the present capacity to handle our students, Grades 7-12. As far as Physical Plant and facilities, we feel Dover is by far the most up to date and best equipped School System we visited.

It is the recommendation of the Nottingham School Board that this School District Meeting appoint an Area School Planning Committee, to meet and work out details with the Dover School Board in establishing an area school agreement to accept our students, grades 7-12.

Respectfully submitted,

RICHARD BENGSTON

SCHOOL HEALTH REPORT

To the Superintendent of Schools:

The health program for the year, 1968-69, was carried out in the usual manner with an annual physical inspection of each student by the nurse. When defects were noted, the appropriate referral and follow-up were made.

The Heaf Test for tuberculosis was offered in each school to the first and second grade students. A total of 324 children were tested, and 4 also received the Mantoux Test.

The students of Epsom, Northwood, and Strafford again received the benefit of preventive dental care through programs sponsored by the N.H. Bureau of Dental Public Health and one or more local organizations. Barrington, Epsom, and Northwood schools also provided corrective dental treatment through The Matching Funds Program.

142 children were registered for first grade at Preschool Clinics held in April and May. Mrs. Norma Keeler of Epsom again offered her services at these clinics, and her help was greatly appreciated by all.

The ever increasing school population has had its effect on the health program, as well as elsewhere, raising the case load to well over 1,000 students for one nurse. The recommendation of the N.H. State Board of Education is for a maximum case load not to exceed 750 pupils per nurse; and, ideally, a full-time nurse for every 350 students.

I would like to express my sincere appreciation to Mr. Martineau, Mr. Morgan, School Board Members, teachers and parents for their cooperation and support during the past year.

Respectfully submitted,

DOROTHY Y. WELLS, R.N.
School Nurse
